

A sunset scene over a body of water. The sun is low on the horizon, creating a bright orange and yellow glow that reflects on the water. The sky is filled with soft, orange and yellow clouds. In the foreground, there are dark silhouettes of palm trees on the left and a building on the right. The overall mood is peaceful and serene.

IMPIOKAI

2020

(Nahs En Sopwohn)

FROM THE CHIEF MAGISTRATE OF SOKEHS

It has been a few years since the people of Sokehs have celebrated Thanksgiving with an Agriculture Fair or Impiohkai event, but the one that was held on November 26, 2020 is one we can all be proud of. People from all over the municipality participated in the fishing and farming competitions and those individual farmers that have been working hard to grow crops were awarded with prizes that hopefully inspire others to join us next year when we hold another event. Special thanks go to the FSM R&D, Pohnpei State R&D, CSP, and COM-Land Grant for their support, and to the Impiohkai Committee for their hard work in organizing the event. Also, we are grateful to the community of Sapwohn for hosting the event. None of this would have been possible without the financial support of our ED 1 Congressman, Hon. Ferny S. Perman and the Sokehs Municipal Council. And all the sponsors.

This booklet was designed to be the final report of the event this year and captures both the information from the event and the financial report along with recommendations from the Committee on how to make the next Impiohkai better. We filled it full of photos from the day so people can remember the day.

My hope is that this year's Impiohkai will stimulate more people to get serious about growing and eating more local food. It not only keeps us healthy, but it can be a source of income for the people of Sokehs. We are more empowered when we are less reliant on imported foods. We are looking forward to seeing greater participation next year and, as always, we hope the people of Sokehs stay safe and eat healthy during this time of emerging threats of NCD and the COVID-19 pandemic.

Sincerely,
Micheal Lieman
